Dear sir/madam,

**RE: APPLICATION FOR A SCHOLARSHIP TO STUDY COMMERCIAL AND
MANAGEMENT SCIENCE IN MOROCCO**

Reference is made to the above captioned matter. I hereby apply to study commercial and management science in Morocco as seen from the media.

Am a 19-year-old Zambian single man. I completed my secondary school education in 2018 and I obtained a school certificate with distinctions. As evidenced by my results, I believe I can do well if given a chance to pursue my studies in Morocco. The chance will help in my personal development and indeed the development of this nation by increasing the number of commercial and management science personnel. Attached to this letter are my documents to support this application.

Your consideration to this letter will be highly appreciated.

Yours faithfully,

Name
